Campers will learn to develop the techniques and fundamentals of lacrosse to help them reach the next level of their game. At Gladiator Lacrosse Camp, every athlete will be provided with the best instruction in all aspects of the game (Team Play, Face-Off, Goalie Play, Shooting, Defense, Offense, Transition, Riding and Clearing). This will be accomplished through fundamental work of your specific position area at established stations in the morning, transition, fast break work and games in the afternoon session. Parents and spectators are always welcome.
